

Fancy Feet Dance Studio

Work/Study Scholarship Program

We want to thank our community of family and friends who have contributed to the over 200 classes which have been funded over the last 5 years of our Work/Study program. These students and our staff are grateful to you for all of your support over the years.

We are now celebrating our 20th year in the Palisades Community and entering the sixth year of our Work/Study Scholarship Program. This program was created for dancers to train at Fancy Feet and receive some financial aid, while contributing time as an assistant in the classroom, or as office assistants. With increasing costs and economic changes, it has become impossible for the Fancy Feet Staff to underwrite these students completely on our own.

This program has become critical in assisting some of our most talented and ambitious young students achieve their real potential. Their individual circumstances often leave them unable to afford the maximum number of classes which would best develop their technique.

The students we wish to support not only demonstrate great potential as dancers, teachers and/or choreographers, but they are also incredible role-models for other students. They often take the most classes, and participate on every level. Dance is their priority for many reasons. Fancy Feet provides them a safe and nurturing environment in which to create and develop. These dancers often call the studio their "home away from home."

I would like to thank you for any contribution you are able to make, and would like to recognize those who help support this program in our annual Recital program in 2012. Thank you so much for your support!
