## *Work Study Program:*

We have students who need to have Fancy Feet in their lives, and due to many different circumstances, they are unable to financially make this a reality. We support as many of these students as we can, but it “takes a village.” The Fancy Feet staff do our very best to select the students which exemplify every positive attribute, from being a superior role model, to being a driven and dedicated dancer. Please help support our program and make a contribution for the Winter Session. Every dollar makes a difference.

## *Website Updates:*

By the end of December, classes with availability will be indicated on the updated website schedule, along with a few new classes which are being formed. Please check fancyfeetdance.com starting January 2<sup>nd</sup>, and contact Fancy Feet by email for questions or enrollment.

*Have a happy holiday season!*
